At Garud securities, we strongly believe that competent and skilled employees are the key to better business success. And that's where our training department comes into play. We have a team of highly experienced trainers, that's committed to groom the employees by providing them industry and site-specific training. Along with the basic security training course, our staff also undergoes task-related training, before being deployed for any undertaking. Thereby, allowing us to meet the individual client requirements and the ever changing industry needs.

GARUD TRAINING CENTER Pvt. Ltd. is our sister concern, through which we provide training, not only for our internal staff, but also for external candidates who intend to seek employment in other private firms, around the globe. Garud training center has been approved by Telipot International Sdn Bhd, for providing training to

guards who wish to pursue employment in Malaysia, and it is mandatory for every candidate to obtain Telipot International certification to gain employment in the security sector, in Malaysia. Our training facility is spread over 14000 sq. feet, located at Sankha Park, Maharajung. Trainees at Garud receive both theoretical and field training, pertaining to their future job role. Our wide array of intensive training course devised for the trainees adds to their overall personality development, thus ensuring them a bright career in the security industry.

A dedicated segment of our training department conducts security awareness training programs for non-security personnel of various organizations. These training sessions add to the knowledge of the employees and prepares them against any security hazard. We strongly advocate these training sessions, as they help us to create awareness amongst the masses.

With the expertise of our qualified trainers and the conducive training environment, we transform ordinary individuals into top professionals of the future.
